

OFFICIALS BELIEVE OUTLAW RAILROAD STRIKE NEAR END

Freight and Passenger Service Show Big Improvement

CONDITIONS IN CHICAGO GOOD

NEW YORK, April 16.—The strike of the "outlaw" railroad strikers, entering its second week here, was believed to be near its end by railroad officials who supported this opinion with statements of greatly improved passenger and freight service of all railroads into New York. Further disintegration in the strikers ranks was reported late today following a meeting in Jersey City at which the attendance was about half the size of yesterday's. Lack of interest shown at the gathering and the much smaller number of men present were interpreted by railroad managers as due to a realization on the part of the strikers that the fight has been lost.

J. J. Mantell, spokesman for the railroad general managers' association declared tonight that the situation was improving.

A federal grand jury investigation of the strike was begun in New Jersey today. Thirty subpoenas were issued at Trenton for the appearance of strike leaders before the grand jury in Newark next Monday. Particular attention would be paid it was said, to the delay caused to mail and food trains. Restoration of incoming and outgoing freight service on the New York Central and west shore railroads with noticeable increase in food supplies; resumption of 95 percent of passenger traffic on the Pennsylvania and partial resumption of freight scheduled today gave an air of optimism to the situation. The Long Island railroad also reported its first movement of freight today. The Lackawanna suburban service got back 74 out of 97 of its striking trainmen and the Erie resumed switching in its freight yards.

Volunteer crews during the day handled record suburban crowds. The Erie and Lackawanna brought in 41 trains with 38,950 passengers compared with 28,500 yesterday and 18,050 the day before.

Tonight all commuters were taken care of at the Jersey terminals.

The steam and electric passenger service of the Long Island railroad reported 100 percent operation. "Urgent and effective action" in the transportation situation in New York was requested of President Wilson today in a telegram from the merchants' association of New York.

Packages of pamphlets signed by central revolutionary council of "America," any addressed to "railwaymen" and port workers appealing to them to tie up the whole system and show your mass power," were turned over to the Jersey City police by a committee of strikers. They said an unidentified person had left them at the hall where the strikers held a meeting.

Wood Does Not Connect L. W. W. Chicago, April 16.—Major General Leonard Wood, commander of the Central Department, United States army, who returned to Chicago yesterday from his eastern speaking tour because of the insurgent strike of railroad workers, tonight said he did not find "any evidence of connection between the railwaymen's strike and Industrial Workers of the World activities."

General Wood declared he found traffic conditions improving thruout the department. Attorney General Palmer on Wednesday declared reports from his department linked the illegal switchmen's walkout with I. W. W. plans for one big union and a nationwide walkout.

Military intelligence officers had been unable to find any connection between the two, General Wood said.

General Wood added that he would remain on leave for the present as nothing in the situation here made needed his attention.

With twenty-five leaders of the insurgent forces under arrest in Chicago, charged with violating the Lever act, the movement of freight and livestock approaching normal and the return of many strikers to duty, rail chiefs and brotherhood of officers declared the walkout, which started more than two weeks ago, was definitely broken. One of the local unions whose charter was revoked, included men from the Milwaukee.

The walkout of 700 switchmen on this railway which started the strike which subsequently spread to other railroad centers thruout the country.

John Grunau, Harold Reading, president of the United Engineers' association and four other men arrested yesterday by federal agents announced they would not put up bonds for their release.

R. S. Murphy, spokesman for the yardmen's association blamed brotherhood officers for the ar-

NEVADA TAKES STEPS TO SET ASIDE DIVORCE GIVEN MARY PICKFORD

Attorney General Charges
Testimony Given by Motion Picture Star False

MINDEN, Nev., April 16.—A suit asking that the decree of divorce granted by District Judge Lankan to Gladys E. Moore, known as Mary Pickford, from Owen E. Moore, be set aside was filed here late today by Leonard B. Fowler, attorney general of Nevada. The suit was filed "in the interest of the state of Nevada."

The testimony given by the actress on the trial of the case is made a portion of the complaint and is characterized as being "wrongfully, wilfully and fraudulently false, fabricated and untrue."

That the cause of action in the divorce bill was frivolous and without foundation also is an allegation of the complaint, which says that, aside from evidence given by her relative to her marriage and temporary presence in Douglas county, no substantial facts were testified to by Mrs. Moore. California attorneys representing Fairbanks and the former Mrs. Moore have been in communication with the attorney general's office for the last ten days in an effort to have the case dropped.

The complaint refers to the divorce as a "colorable decree" and alleges that the defendants held the court and its presiding magistrate in utter contempt. The marriage license enabling Miss Pickford to wed Fairbanks is alleged to be in the complaint to have been secured as part of the "fraudulent plan concocted by the defendants."

The brief stay of Miss Pickford in Nevada is termed as a "sojourn" and it is charged that at no time did she establish a residence in status within the meaning of the law. Moore came into the county to have the sole and only motive of having and submitting to have personal service of the divorce summons, the complaint says and also that Moore's answer to the divorce complaint was not made under oath.

Refuse to Comment
Los Angeles, Calif., April 16.—Mary Pickford and her husband, Douglas Fairbanks, declined to discuss a suit against the former to set aside her divorce from Owen Moore, recently obtained in Nevada.

A secretary said Mr. and Mrs. Fairbanks felt the matter being a pending court proceeding could not be discussed with propriety except by their attorneys.

FAVOR MEREDITH FOR PRESIDENCY

DES MOINES, Ia., April 16.—Action to cause the name of Edwin T. Meredith, United States secretary of Agriculture, to be presented to the Democratic National convention, as a candidate for president of the United States, was taken today by Democrats in state-wide conference.

Resolutions formally presented to the Democrats of the nation Mr. Meredith as our candidate for president" were presented by Claude R. Porter, counsel for the federal trade commission. The resolutions also urged upon the delegates from Iowa to the National convention to use their influence to put Mr. Meredith as a candidate before delegates from other states, and to do everything possible to bring about his nomination.

Wilbur Marsh, national committee man from Iowa, told the conference the Iowa delegation would be instructed as requested in the resolutions.

AMERICAN WHISKEY OF "SHOCK" VARIETY

Greenock, Scotland, April 5.—American rye whiskey, now being imported into this country, is said to be of the "shock" variety, by the chief constable here, who has filed a report on the subject.

The effects of prewar whiskey, he says, even when it had not been bonded for three years before being sold at retail, were nothing in character to those of some of the present day whiskeys.

"Whatever their composition is," the officer declares, "their effects are terrible." They not only poison, but madden, and leave persons nervous and depressed after the intoxicating effects have passed away.

These whiskeys are known locally as "snake bite."

ELGIN FIRE DOES GREAT DAMAGE

Elgin, Ill., April 16.—The main store of A. Leath & Co., here, was badly damaged by fire which started early this morning from defective electric wiring. Practically all of the house furnishings on two floors of the three-story building were destroyed or damaged beyond repair by fire and water. No estimate of the damage could be made two hours after the fire, but the loss will run far into the thousands.

Offices of the Leath Co. are located here. Branch stores are located in ten other cities of Northern Illinois, Southern Wisconsin and Iowa.

ELECTION RETURNS

Chicago, April 16.—Seventy-six precincts complete in Madison county gave Lowden 3,155; Wood 1,211; Johnson 377; Hoover 18. One hundred votes cast by women were not counted. Democratic votes included:

McAdoo 88; Edwards 83; Hoover 13; Wilson 26; Clark 3; Bryan 11.

BLUE JEAN CLUBS SPREADING OVER ENTIRE COUNTRY

Thousands of Recruits
Flocking to Latest
Dress Fad

FIGHT AGAINST HIGH COSTS

NEW YORK, April 16.—Thousands of recruits in New York flocking today to the standard of "general overall" whose march against the guerilla forces of the high cost of clothing started recently in the south, gained strength in the west and now has reached the east for decisive battle.

The blue denim brigade which had its inception here in the Cheese Club composed of dramatic press agents, critics and theatrical writers obtained reinforcement today when 5,000 Dewitt Clinton High school students voted to wear khaki overalls.

Then Columbia University endorsed the movement and other schools and business and professional clubs began to fall in line. Boys of the Jamaica high school voted to wear khaki on all occasions. The Bronx Business Men's club and the Women's club and the Women's Civic Federation promised support. Popular indignation against the fancy prices being asked for ordinary clothing was evidenced in the number of applications to the Cheese Club for places in its overall parade today.

Reinforcements also have been promised by the Rotary Clubs of New York and New Jersey.

A conference tomorrow in Astor Park, N. J., the momentous question will be discussed by twenty-two clubs in the two states.

Various styles in blue denim have been advanced. A popular one at present is a "neat little jacket, belted in the back to cost \$6." The rule for the junior prom at Columbia next week it was announced tonight is "strictly overalls for girls and men."

Club in Chicago
Chicago, April 16.—An overall club was organized today at Highland Park, a suburb. Among the members is A. E. Smith, justice of the peace who announced he would wear overalls in court.

Will Wear Overalls in Pulpit
Liberal, Mo., April 16.—Rev. W. E. Matthews, pastor of the Methodist church here, will wear overalls when he appears in his pulpit Sunday to preach.

Washington Takes Up Fad
Washington, April 16.—The "overall club" today obtained what amounts to official recognition. The navy department granted permission to members of such a club formed by civilian employees at the navy yard base to purchase the denim garments to wear on duty at cost price.

Two suits of overalls of the standard type worn by the American blue-jacket are to be allowed each club member.

Peoria Joins
Peoria, Ill., April 16.—An overall club was started today among male members of one of Peoria's big industries, while the girls are to work in gingham dresses. Monday county officials and court house employees will appear in overalls to lead in the war against the high price of clothes.

Club Formed in Quincy
Quincy, Ill., April 16.—An "Overall club" has been formed at the Illinois Soldiers' and Sailors' Home here, and already a large number of members are wearing the overalls. They have requested the citizens of Quincy to join in the movement. There are about 1,500 male members at the home.

Many in Birmingham
Birmingham, Ala., April 16.—The lowly overall today supplanted the "pinch back" in Birmingham.

Rainy weather served only to fan the wavering intentions of those who had resolved "to see what the other fellow did" before they donned denim themselves. As a result the pledge to put 'em on today was universally kept.

The women had quietly "organized" at home. Towards noon many appeared in dresses of all colors gave the downtown section the appearance of a carnival.

Retail clothiers have advertised "bargain sales" in men's wear and lower price marks were observed in some of the store windows.

Bat Association Adopts Plan
Miami, Okla., April 16.—The Ottawa county bar association today formed an overall club composed of lawyers of the county and the judges of the district and county court.

Movement in Pennsylvania
Scranton, Pa., April 16.—Students and faculty members at Keystone Academy at Factoryville, joined the overall movement today. Their purchases excluded.

WASHINGTON, April 16.—Demanding the same treatment under the transportation act as recorded railroads which were under federal control during the war the American Short Line Association at the concluding session today of its special meeting, decided to ask the interstate commerce commission to award the standard return guaranteed by the act to roads which were not operated by the government.

MARQUETTE, Mich., April 16.—Indictments against John Peter and Steven Scalculci, Iron River Packing house owners were returned by the federal grand jury today, completing its work for this season. Forty-seven indictments were reported by the jury since Wednesday, involving the largest number of alleged liquor law violations recorded at one court session in Upper Michigan.

BERLIN, April 16.—Prince Joachim Albrecht of Prussia was fined 500 marks today for the part he played in the recent attack on members of the French commission in the dining room of the Hotel Adlon. Egon von Platen, who accompanied Prince Joachim Albrecht at the time of the assault was fined 300 marks for attempting violence, while Prince Hohenlohe Langenburg, also a member of Joachim Albrecht's party was fined 1,000 marks for assault.

NEW YORK, April 16.—Joe Stecher successfully defended his wrestling title here tonight by throwing Ed (Strangler) Lewis of Lexington, Ky., in three hours and four minutes and fifteen seconds with a head scissors and arm lock.

TREASON TRIAL OF FORMER PREMIER OF FRANCE NEAR END

Prosecution Finishes Cases
Against Caillaux—Defense
Will Conclude Sunday

PARIS, April 16.—After speaking for the greater part of three days, Theodore Lescouvé, prosecutor general, tonight concluded summing up the prosecution's case against Joseph Caillaux, former premier of France on trial for alleged treason. He demanded application of the penalties prescribed by Articles 77 and 79 of the penal code declaring that Article 205 of the military code which calls for the death penalty was inapplicable. The prosecutor clearly exempted M. Caillaux from the same degree of guilt which applied to Bolo Pasha and M. Duval, saying that "the fingers of these two were soiled by the enemy's gold," whereas Caillaux only should suffer the political penalty. Both Bolo Pasha and M. Duval were put to death for their crimes.

After saying that Germany had financed M. Caillaux, editor of the Bonnet Rouge, Bolo Pasha and Pierre Lenoir, all of whom he declared had died miserably as traitors because Germany knew M. Caillaux was behind them, the prosecutor general expressed the opinion that M. Caillaux must now be assailed by remorse. Thereupon the accused who had shown increasing signs of nervousness as M. Lescouvé continued, cried out:

"No."

M. Lescouvé retorted:

"Then I am sorry for your fate. The prosecutor recalled impressively M. Caillaux's words to his domestic at the moment he was arrested, 'If I go before a court martial I may be shot,' as showing his sense of guilt."

The high court will sit Saturday and Sunday to hear arguments for the defense.

SIX CHARGED WITH CONSPIRACY

BERLIN, April 16.—Three reichswater officers and three civilians were arrested today. They are accused of conspiracy against the government.

Two of the officers are Altvater, a well known submarine commander and Captain Lieutenant von Vlebahn, who has just returned from captivity in England. The others are, according to the newspaper, Zeitung Am Mittag, are accused of conspiracy against the government.

One of the civilian prisoners is Bertram, organizer of the so-called fraternity of front soldiers.

The investigation is proceeding and the authorities decline to divulge details of the plot until it is traced.

PRINCE EMANUEL FILES BANKRUPTCY PAPERS

Chicago, April 16.—Prince Emanuel of Jerusalem, who claims to be the son of Abdul Hamid, former sultan of Turkey, was a failure in the soda water business, he told Judge K. M. Landis in federal court today. The prince was appearing in bankruptcy proceedings, in which his unsecured liabilities were listed at \$3,000.

THEODORE N. VAIL HEAD OF BELL TELEPHONE DEAD

Had Been in Serious
Condition for Number
of Months

WAS GENIUS IN HIS BUSINESS

BALTIMORE, Md., April 16.—Theodore N. Vail, chairman of the board of directors of the American Telephone and Telegraph Co., died at Johns Hopkins hospital this morning of a complication of cardiac and kidney troubles.

Mr. Vail was brought here from Jekyll Island, Ga., last Sunday in his private car. At the hospital it was stated that he was in a serious condition when he reached there, and his death was not unexpected to the physicians.

Head of Largest Phone System
As president of the American Telephone and Telegraph company, Theodore Newton Vail was the head of the largest telephone system in the world. He was not only its nominal head, but he was from the first the genius that promoted the popular use of the telephone.

Mr. Vail was thirty-one years old when Alexander Graham Bell invented the telephone, and, notwithstanding his age, he was filling the responsible post of general superintendent of the Railway Mail service. Still earlier, however, he had been a telegraph operator, and, interested in the possibilities of electrical communication, he had visions that Bell's "toy" would some day be a great factor in American life.

But his associates had equal faith in Mr. Vail's organizing genius, for he had already made a name for himself as an organizer in the promotion of the Railway Mail service, and he was easily induced to resign his government post to become the general manager, in 1878, of the first American Bell Telephone company.

Even the most optimistic backers of the telephone then thought that the "outlaw" railway strike was traceable to activities of radicals and revolutionists was sharply challenged tonight in a statement issued by Frank Morrison, secretary of the American Federation of Labor. An independent investigation of strike causes by the railway executives in a statement revealed "just a plain, ordinary strike for more pay."

If there were enough revolutionary power in the United States to create such an outbreak as this conditions would be serious indeed. But there is no such power. The absolute failure of the attorney general to grasp the true situation is amazing."

The department of justice has no additional announcements to make tonight to support its conclusions. The only development of the day affecting the government's connection with the strike situation was the organization meeting of the railway labor board, which met, with seven of its nine members present, elected officers and determined to take up beginning tomorrow the whole question of railway wages.

While the index of the rail strikers were wrong and disavowed by organized labor, Mr. Morrison's statement said this should not prevent an "honest" understanding of the facts. His own viewpoint as to causes of the strike, he added, was based on reports gathered by representatives not in sympathy with the strikers.

RENT PROTECTOR GIVEN
ROUGH TREATMENT
DETROIT, Mich., April 16.—Jerome G. Moore, owner of a flat building was in jail tonight charged with maliciously injuring property of tenants he is said to have evicted today, while the tenants, reinstated in their flat were in possession of a lease for six months which a crowd of sympathetic neighbors "induced" the landlord to sign. Moore's arrest followed his rescue from possible violence at the hands of the crowd which included several hundred men and women.

Moore had ordered the flat vacated, it was said, and planned to rent it to new tenants for \$150 an advance from \$70. The tenants claimed they were unable to find another flat.

Moore it was said, assisted the neighbors in replacing the furniture he had removed to the street.

STRIKE OF ELEVATOR OPERATORS TIES UP NEW YORK BUSINESS

People Forced to do Mountain Climbing in Wall Street Canyons

NEW YORK, April 16.—Volunteer specials were run today in elevator shafts by New York sky-commuters, who fire their locomotives in order to get to work during railway strikes was increased by business men, lawyers, financiers and clerks, who help run elevators lost a strike of operators force people to do mountain climbing in the Wall street canyons.

Late today efforts to effect a settlement of the strike was begun by J. J. Belan, of the state industrial commission on mediation and arbitration. Several building superintendents announced that they would agree to arbitration, provided the men returned to work immediately.

Altho strikers claim 17,000 operators were out, Belan placed the number at 7,000. While the strike has affected office buildings, the financial district suffered the most because of such buildings as the Equitable, with 40 stories, the Woolworth, with 54, and numerous others, with 40 or more stories and a population as high as 12,000.

Women installed as elevator operators during war time were recalled to replace strikers and the management of the tallest building in the world—the Woolworth—said their service was so satisfactory that they would be retained permanently at the wage for which the men operators went on strike.

Volunteer operators by tenants was particularly noticeable in the Equitable building. Starting with 30 of its 63 elevators shut down and express service on the higher floors curtailed, it managed to operate all the lifts before the day was over.

Thomas K. Magill, president of the union, who, before the strike was taken, denounced several walkouts as unauthorized, asserted the union had the financial district tied up tight.

The strikers seek from \$33.00 to \$38.50 in office buildings and from \$28 to \$33 in loft buildings and apartments. They rejected offers of \$23 to \$32 in office buildings and \$20 to \$25 in others.

ANOTHER MEMBER OF WILSON'S OFFICIAL FAMILY QUITS POST

R. C. Leffingwell, Assistant
Secretary of Treasury, Returns
to Private Life

WASHINGTON, April 16.—R. C. Leffingwell, assistant secretary of the treasury has resigned and his resignation has been accepted by President Wilson.

Mr. Leffingwell, whose home is in New York wrote the president that he desired to return to private life because of personal considerations and in response Mr. Wilson said the resignation was accepted with deep regret.

"As a volunteer" the president wrote "and later in the important post of fiscal assistant secretary you rendered service of surpassing excellence in a splendid spirit of patriotic devotion. You have played a large and important part in the great task of winning the war and it is my pleasure to add that your real compensation will be to realize in all the years to come that you have done it."

Mr. Leffingwell first expressed his desire to leave the treasury department in January and it had been arranged that he retire on Feb. 1, but he consented to remain until Secretary Houston had familiarized himself with the department.

DISCOVER MYSTERIOUS BOLSHEVIST TRAGEDY

BUCHAREST, April 16.—The discovery on the yacht Ostara, stranded at Sulina at the mouth of the Danube of the dead bodies of eleven noted Russian men and women, each shot thru the head and a living soul on board as presented to Roumanian authorities one of the most mysterious tragedies of Bolshevism in the Black Sea. The bodies have been identified as those of members of the noted Russian families of Falsfein and Skadowski.

The discovery was made by soldiers who when they went aboard the helpless yacht, found the cabin half filled with water and the eleven bodies floating around.

On the yacht were 14,000,000 rubles in gold and paper and jewels.

The elder Falsfein still grasped a pistol in his hand when his body was found and whether the party committed suicide or were murdered is a question which remained unanswered.

An investigation is being made by the Roumanian authorities "dead by Russian friends of the war families."

YOUTHS ARRESTED

Lancaster, O., April 16.—David Pool and Kenneth Baker, both aged 11, were under arrest here today charged with being leaders in a plot to burn Charles Kneller, aged 19, at the stake, Tuesday evening. They will face trial tomorrow in juvenile court.

MEXICO SEEKS TO MOVE TROOPS THRU U. S. TERRITORY

Request Made for Attacking Revolutionists in Sonora

SONORA ASKS RECOGNITION

WASHINGTON, April 16.—While the state department was considering today a new phase of the Mexican problem—a request from the Carranza government that its troops be given passage across American territory to attack revolutionists in Sonora state—Henry Lane Wilson, former ambassador to Mexico was drawing a gloomy picture of the situation beyond the border before a senate investigating committee.

Mr. Wilson asserted that "the unfortunate and mischievous policy of the present administration toward Mexico" was responsible for the conditions he described. That policy, he added, had "bound the United States to maintain Carranza in power and with him the legend that there is peace and order in Mexico."

The state department did not intimate the nature of the reply to the Mexican request, which would be made or when it would be sent. The only comment made was that the government was under pressure from Mexico to comply. The request contemplated movement of Mexican federal forces by rail thru El Paso to Douglas, Ariz., where they would re-cross the border to attack Hermosillo, capital of Sonora.

Mr. Wilson who was appointed to the post of ambassador by President Taft, and continued there during the early months of President Wilson's first administration before his resignation was accepted said both official and personal records he had kept justified his arrangement of the administration's Mexico policy.

"To date," he said, "it has cost the people of the United States upwards of a half billion dollars. It has led to the violent death of 100,000 Mexicans, and to death by pestilence and famine of 500,000 more. It has caused—up to his week—the murder of 665 American citizens within Mexico. It has kept 60,000 of our troops on the border. It has left in the Mexican treasury a deficit of over \$300,000,000 to replace a surplus of \$100,000,000 left by Diaz."

William J. Bryan, as secretary of state, "ran the state department like the back kitchen of a restaurant," Mr. Wilson said. Almost every diplomatic representative of the United States sent to Mexico since the fall of Diaz and some officials at the present time, he added, has been unable to tolerate the Mexican policy. As ambassador he said, he had predicted the result which he said existed today and had three times pressed his resignation before getting it accepted.

Mr. Wilson will continue his testimony tomorrow.

Sonora Seeks Recognition
Agua Prieta, Sonora, April 16.—The state of Sonora will appeal to the United States for recognition as a belligerent. Announcement of the appeal was made today by Francisco Elias, a leader in the Sonora revolt against the Carranza government of Mexico.

Sonora hopes to be recognized as a belligerent and thus obtain permission being granted Carranza troops to cross United States territory to attack the state from the border. The appeal, if granted also would throw open the ports of the state on the international boundary to trade with the United States without restriction.

Sonora Elias said recognition as a belligerent would in no way involve recognition by the United States of the governor of Sonora or involve its relation with Mexico as a whole. He said that in previous Mexican revolutions the United States had recognized no faction as a belligerent that had been in possession of any part of entry to the United States for 72 hours. Troops were ordered here with all dispatch to guard the city when it became known the government of Mexico had asked the United States for permission to send the troops here from Juarez, Chihuahua, thru University territory. Four hundred troops were marching here from Naco, Sonora, tonight.

The Chicago Tribune these days continues to appear in 12 page form. A lot of interesting advertising matter is omitted but have you noticed that the 12 page paper contains all the essential news of a 30 page city paper?

There's a lot to the argument that the public suffers the most if teachers in the schools and colleges are under-paid. The teacher who is continually bothered about personal expense accounts, in thinking over ways and means to pay the grocer and the butcher, cannot give the best thought to the duties of his other profession.

CAPITAL AND LABOR WILL TAKE NOTICE

When you are thinking about strikes and protests, look out for the time when the united farm organizations get in their work. What would happen if the thousands of farmers in Morgan county who belong to the farm bureau were to unite with the organized farmers of other counties and declare they would release no grain or livestock supplies until certain changes were made at the big terminals which receive most of these shipments?

When that day comes capital and labor, unionized or otherwise, will sit up and take notice. It is coming.

COMPULSORY VOTING.

A compulsory voting proposal is one of the most important which has come up for consideration before the constitutional convention. There is a difference of opinion as to whether compulsory voting is a requirement should be a constitutional or legislative matter but the general agreement is that some plan should be perfected providing a

penalty for voters who fail to take part in elections.

If all voters exercised their rights of suffrage certainly the majority would rule and many of the government rules now resulting from the indifference of voters would be removed.

PROTESTS OF THE FAD TYPE.

Just now the wearing of overalls as a protest against clothing prices is the popular fad. It can be called by no other name for high as clothing prices are, they are quite in accord with the values placed on other necessary things. The trouble with these protests against prices on the part of men and women who abstain from the use of the things complained of, is that the revolts do not last.

After the spectacular stage they fade and die and the prices go merrily on. This is true of the various consumers' leagues that have been started in the cities. Refusal to buy certain commodities at prices asked just for a few days or even a few weeks, will not result in any great surplus of supplies. It is surplus or over-production that is necessary to bring down prices.

THE IMPORTANT SCHOOL BOARD ELECTION TODAY

If you have children and if you are a taxpayer of Jacksonville, you are interested in the public school system. Show that interest by going to the polls today and casting your vote. A president and three members of the board are to be elected. The proper management of school affairs calls for generous public service. Members of the school board are elected for the proper management of the school system and to carry out the wishes of the people in providing as good an educational system as possible. This very important matter of school management certainly merits thought and attention and men and women who are interested in the children of Jacksonville and in the school system should vote today.

The polls will be open from 11 a. m. to 6 p. m. The names of three candidates for board membership will appear upon the ballot and two others have announced candidacies and their supporters must write the names upon the ballot.

No name of a presidential candidate will appear upon the ballot, but Julian P. Lippincott has manifested his willingness to serve again. He is a high-minded man and genuinely interested

COMPLETE THE FILTRATION AND POWER PLANTS

Show your interest in the school board election today and then keep that interest alive until next Tuesday, the date of the annual city spring election. The candidates for council membership are:

First Ward—Thomas Flynn.
Second Ward—A. E. Williams.

Third Ward—John Cain.
Fourth Ward—T. A. Chapin.

These men are all now serving as members of the council and are running without opposition. However, their record in city affairs during the past year entitles them to a heavy election day vote. In this way the people can manifest their interest in city affairs and their approval of the men who have sought earnestly to give public service.

But the selection of the four aldermen is not the only matter of importance to be considered, for the people will vote on the issuance of \$30,000 in bonds. The council has made a plain

statement of the city's financial affairs, showing that the \$30,000 which the bonds will provide, together with all cash available from current funds, will be needed for the completion of the filtration and power plants. The people who are familiar with business conditions can readily understand that it is costing much more to build now than was contemplated when the plans for the plans for the filtration and power plants were drawn a year ago.

If you want a filtration plant to complete the water system, and if you want a power plant which can be operated on a much more economical and efficient basis than the present municipal plant, vote for the issuance of the proposed \$30,000 bond issue.

The bonds if authorized, will be refunded in twenty years' time and the amount of tax necessary for the payment of the interest and for refunding will be very insignificant.

PHI ALPHA SOCIETY IN REGULAR MEETING

Phi Alpha Literary society held a regular meeting last night in the society hall. Practically every member was present.

Just after the meeting was called to order Underwood, who was alternate on the team which went to Monmouth, gained the floor and after an account of the debate at Monmouth he presented the society with a box containing a piece of bacon and a card which read "The Bacon from Monmouth".

The program was:

Essays:

Stephenson—"Manual for Pets."

Rose—"Concerning the New Social Order."

Mitchell—"Opportunities for Service in the Ministry."

Declamers:

Barnes—"The Song of the Wage Slave."

Farrell—"A Selection from Riley."

Underwood—"The National Flag."

Select Reader:

Best—"A Coward—De Maudslayi."

Improvises:

Martin—"The Monmouth Debate."

Ragan—"The Value of Studying Greek."

Calhoun—"Eloquence."

Tanner—"College Spirit Viewed by a Yell Leader."

After—"Possibilities of Summer Work."

The question for debate was "Resolved that the United States should grant ex-soldiers a bonus". Mutch and Wells upheld the affirmative and Crouch and Theis defended the negative. The judges decided the ability in favor of the negative and the society after a discussion of the question voted the merits to the affirmative.

Rev. Thomas Smith, an old member of the society was president and made a short talk to the members.

James Hatfield '23, was taken into membership in the society.

Generous Interest Shown In Illinois College Campaign

ILLINOIS COLLEGE CAMPAIGN
Morgan County goal \$100,000.00
Subscriptions Friday.. \$8,100
Previously announced 35,982.50

Team Reports		
City	Friday	Total
R. V. Rowe	\$ 355	\$4,895.00
R. M. Capps	330	7,395.00
H. H. Gray	1240	4,302.00
H. King	3145	6,977.00
J. W. Walton	585	6,224.00
M. L. Pontius	920	4,854.00
L. S. Donne	735	4,795.00
R. I. Dunlap	791	4,494.50
County		
C. E. Robinson	300	925.00
Total	\$8,881	44,863.50

President Rammelkamp of Illinois college said yesterday that he wouldn't feel at all bad Saturday provided rainy, cloudy weather. The reason was that Friday's total of subscriptions was \$8,881, the largest of the week, and there was a downpour of rain for much of the day. This good record furthermore was only for the county and did not include some additional subscriptions amounting to several thousand dollars more which will go to the general fund.

Andrew Russell, president of the board of trustees, made an original subscription pledge of \$2,500 to the fund. Recently he offered to double this amount if associate trustees would bring their total up to \$20,000. Yesterday President Rammelkamp talked to Edward F. Goltra of St. Louis by telephone and secured a \$4,000 pledge from him. This money, taken into account with that contributed by other trustees, made up the \$20,000 and so Mr. Russell's original subscription was doubled. All of the trustees have joined in the subscription fund and a number of them doubled their pledges in order to take advantage of Mr. Russell's offer.

Rotary Club Members Guests.
At the noon day luncheon Friday members of the Rotary club were present as guests, Vincent Riley and H. A. Perrin as members of the club spoke briefly. Mr. Riley spoke particularly of the college as a business asset to the community. He referred to the amount of money spent yearly which goes into the general channels of trade, and of the importance of the college to the city in other ways than its business value.

Mr. Perrin laid emphasis upon the contribution that the college makes to the life and character of the city. He said that those who come to Jacksonville to live possibly take note more readily of the influence the college has had on the community life than do those who have spent all their years here. In referring to the need of larger salaries for the instructors, Mr. Perrin made the point that a teacher who is poorly paid and who must constantly worry about his own personal affairs or those of his family, cannot give the best service. So in public schools it is the children who stand the loss and in college the young men and women if their instructors are not paid what is reasonable compensation by comparison with living costs.

Money and Fair Words.
Then there were still less formal talks from H. M. Capps, Judge Samuel E. Crabtree, Charles S. Black and Rev. W. E. Spooner. The experiences of some of the team members were related and there was not one who could tell of an unpleasant turn down. People understand

the cause and the call of the present campaign. When they are not able to give in cash or to make pledges they at least have a good word for the college and express their interest in and good wishes for the campaign effort.

Dr. Rammelkamp warned the team solicitors not to imagine that the general committee is holding back large subscriptions ready to turn them in today and finish out the \$100,000. He said that the cards on file with the college indicate very surely that a number of possible contributors had not yet been called upon and he urged the solicitors to make renewed efforts.

Plan County Work.
Further the president said that while it is expected the present funds will be very considerably increased by residents of Jacksonville, that it is the intention to complete the \$100,000 allotment by subscriptions in the county precincts. The season of the year and the condition of the roads make it impossible to have the all county canvass at this time.

There are, however, scattered all throughout the county alumni, former students and friends of the college who are interested in its welfare and who are able to help along with this campaign effort. The team members took up the work with increased activity yesterday afternoon and it is expected that some good results will be reported at the luncheon hour today.

Additional Subscriptions.
The following additional subscriptions were reported Friday for the Illinois College Campaign fund:

Paul F. Alexander, Andre and Miss Harriett Andre, Armstrong Drug Store, Harvey Atkins, Walter Ayers, S. O. Barr, Batz & Stice Cafe, John G. Berger, Mrs. Mae Black, William E. Boston, Mrs. J. P. SID SAYS:

We are not a pleasant sight to look upon, we teachers, in these days. We are a group of anxious and harassed men; some of us almost on the verge of a breakdown from sheer worry as to what the

morrow may bring forth. Why any successful man, who wants his children to be successful, should send them to us, in the present state of our morale, is a question that sometimes puzzles us. Yet these young men are sent, in numbers that are taxing the capacity of every institution in the land. I myself, am teaching fifty per cent more men than in any preceding year. Teaching them economics—the science of the production and distribution of wealth!

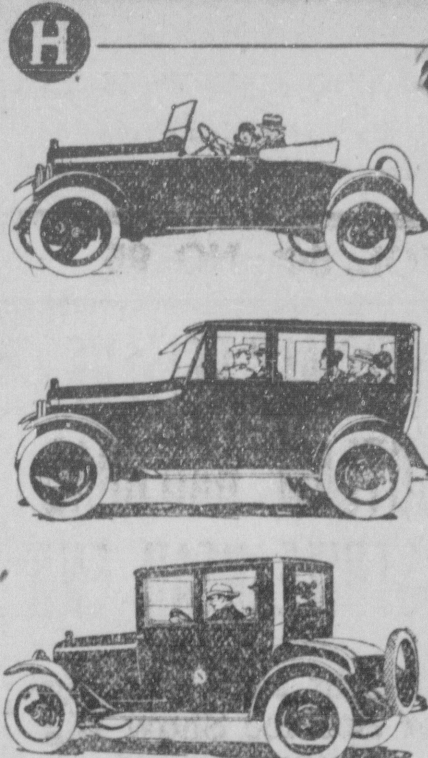

I have come to the end of my rope—and beyond. Within the next few months I must make an end of my problems one way or another. I have no alternative but to do as so many of our good men have already done—accept one of the opportunities that have been offered to me in the business world. I am thirty-nine years old; baldness is beginning to lay its tell-tale marks upon me. My price in the business world will fall rapidly unless I make my decision soon.

Shall I go? Shall I toss aside all the ideals and high purposes of my youth, and the training of the best years of my life? Shall I abandon the young men who are turning their eyes toward the university in the expectation that they will receive instruction from men who really are competent to teach? Shall I leave one more vacancy to be filled by a man who teaches only because he would earn even less in business?

And there is always the other side of the question, your side. How can you expect your sons and daughters to accept the standards and ideals we teachers are trying to give them, if the world treats us as of little account? Which is worth more to you, anyway? Is it the man who drives your car, the man who paints your back fence, the man who cuts your grass? Or is it the man who educates your children and helps to fit them for a useful and honorable life?

The evidence seems to show that you consider the chauffeur, the painter, the gardener, and a hundred other groups of men worth more than the teacher. And your children are not blind. They see it. You need not wonder at their indifference toward education.

GREEN SEALS

A Green Seal Battery is one which is shipped to us from the factory with the elements never having been wet or charged. The spacers are so made that it is impossible for us to use them, so that we are required to take new spacers from our stock and build the battery, here in our well-equipped shop. When we have built it up it is ready for the electrolyte and its proper charge. When you get it it is absolutely NEW, not only from the factory, but from here.

You know that when you buy a Prest-O-Lite Green Seal Battery you are getting something for your money; a battery that has not been on the shelf, deteriorating, either at the factory or here; it is new. If you are in need of a Battery, come in and we will be pleased to go further into detail, to your utmost satisfaction.

If you have never called on us, we wish to tell you our shop is at 218 South Main and we have both phones.

THEODORE N. VAIL, HEAD OF BELL TELEPHONE DEAD

(Continued From Page One)

acted against the advice of his friends, and accepted the position of general manager of the American Bell Telephone company.

Accomplished Big Task
Mr. Vail set for himself the task of making the telephone a universal convenience, and it was on his initiative that every possible improvement was seized upon for the perfection of the service. In 1885 he resigned from the original company and became the first president of the American Telephone and Telegraph Company, which at first made a specialty of long-distance communication, but which, in 1900, acquired the property of the American Bell Telephone Company and also negotiated combinations with the principal competing telephone companies throughout the country, so that the whole service came largely under a single central administration.

In the meantime, in 1890, Mr. Vail retired from the telephone business for many years. He purchased a large farm at Lyndonville, Vt., and interested himself in agriculture. In 1893 he made a trip to South America, and, with his customary foresight, saw the possibilities of the Argentine republic. He obtained from the government a concession near Cordoba, built an electric power station there, purchased a horse-car line in Buenos Aires, converted it into a trolley line, formed a company and equipped it with the best cars from the United States, bought out all competing lines and gave the city a complete modern service. The company was composed largely of British capitalists, and for some time Mr. Vail had his headquarters in London. When he retired from these activities in 1904, he returned to Vermont, but three years later he was again called upon to enter the telephone field as president of the American Telephone and Telegraph Company, of which he had been the first president.

Planned Big Merger
One of the most ambitious projects which he then planned was the merger of the Western Union Telegraph Company with the telephone company, and in 1910 when the telephone interests succeeded in securing the controlling power in the Western Union, Mr. Vail became president of both these great corporations. He resigned as president of the Western Union, however, when, on April 15, 1914, the telephone company disposed of its interests in the Western Union because of threatened action by the government against the combination of these competing utilities.

While others may have marveled at the perfection of the great telephone system, that now connects more than 70,000 places in the United States, Mr. Vail always believed in the greater possibilities ahead. He believed it would be only a short time before New York would be able to carry on wireless telephone conversation with European points almost as easily as it may communicate with San Francisco by land lines.

today. Mr. Vail played as hard as he worked. He was fond of music, books and pictures, and the outdoor life. He had one of the finest libraries in the state of Vermont. The house on his 3,500-acre farm at Lyndonville, altho beautiful, was a home rather than a palace. In it he had built a \$40,000 pipe-organ, and once every year he made the practice of bringing up from New York some of the finest musicians to give a concert to which he invited the country people for miles around. He also established a farm school, hoping to encourage Vermont boys to take up scientific agriculture and remain in the country. He believed that New England was facing a great renaissance.

MEXICO SEEKS TO MOVE TROOPS THRU U. S. TERRITORY

(Continued From Page One.)

The Sonora officials said they had received assurances strong representations would be made at Washington against permission being granted.

General P. Elias Calles commander-in-chief of the Sonora forces in a telegram received here today from Hermosillo said Sonora soldiers were continuing their invasion of the state of Sinaloa but no mention was made of their present whereabouts or whether additional fighting had taken place.

Reinforce Border.
Nogales, Ariz., April 16.—Colonel Abelardo Rodriguez heading 1,200 Sonora troops reached Nogales, Sonora, today and is proceeding with all haste to Agua Prieta, Sonora, opposite Douglas, Ariz., to reinforce the state troops massing there to repel the federal invasion.

A majority of the men in Colonel Rodriguez's command are Yaqui Indians. The regiment is well uniformed, armed, provisioned and otherwise equipped for a long siege. They would fight until the last man died to defend Sonora's sovereignty, Colonel Rodriguez said.

General Juan Jose Rios and General Manuel Gamboa with their staffs, thirty men in all are under parole here awaiting action by the war department to proceed further into the United States. They are among the federal refugees who crossed the line here several days ago.

BLUE JEAN CLUBS SPREADING OVER ENTIRE COUNTRY

(Continued From Page One.)

haunted the overall supply in the town.

Students Join.
Hot Springs, Ark., April 16.—Over 300 boys and young men of the local high school have organized an overall club.

Thousands In Arkansas.
Fort Smith, Ark., April 16.—More than one thousand business men and high school students here donned overalls in a fight against the high cost of dressing.

Professional Men Wear Jeans.
Topeka, Kan., April 16.—Overalls made their debut in business and professional circles here today with Justice Silas Porter of the state supreme court taking the lead. Other members of the court asserted they would follow suit. Today 1,200 employees of the Bell Telephone Company agreed to don the bibbies.

Many Join In Kansas City.
Kansas City, Mo., April 16.—The overalls club movement, intended as a protest against the high prices of clothing is spreading rapidly thruout the southwest according to reports received here today.

Dispatches said clubs had been formed in numerous places in Missouri, Kentucky, Kansas, Oklahoma, Texas and Arkansas. The movement in Missouri began at Jefferson City, where, according to the reports, state house officials and employees are signing pledges to wear denim until clothing prices are reduced.

Kansas City, Kansas, was one of the larger cities in that state to announce the formation of a club. The organization there, it was declared has the support of the chamber of commerce.

The inaugural outfit of Rev. Joseph Brogan, mayor-elect of Emporia, Kansas, and President-elect of the Emporia Overalls club will be overalls, according to his announcement. The Emporia club reports several hundred members.

Mayor Appears In Jeans.
Louisville, Ky., April 16.—To further the cause of the newly formed overall club here, Mayor George Smith appeared at the city hall today in denim. The overalls were presented to him by a Louisville clothing concern which requested the mayor thus attired to lead the parade of overalls citizens next week.

MAY ALLISON COMING IN "THE WALK-OFFS"
The Majestic theater will present the Screen Classics, Inc. production of "The Walk-Offs" for a run of two days, beginning Monday. May Allison has been starred in this feature attraction dealing with society and appears in fashionable gowns specially designed for her in advance by several Parisian modistes.

The adaptation of this Oliver Morosco stage hit was made by June Mathis and A. P. Younger. Frederick and Fanny Hatton, the gifted collaborators of "Lombardi, Ltd.," wrote the play.

In addition to gowns and beautiful women adorning the production is set in a background of rich society and studio life in New York City. These scenes were designed by John Holden and executed without regard to cost. Herbert Rische who has a long record of big productions to his credit, directed May Allison and a notable cast in this romantic and absorbing comedy.

M. T. Layman has returned to Jacksonville to reside permanently and has his law office at 302 Ayers National Bank.

RETURNS FROM VISIT
Mrs. Lillian M. Toler has returned to the city from a week's visit with her mother-in-law in Indianapolis. While there she was given a pleasant surprise by the arrival of her husband E. M. Toler who had just received his honorable discharge from the navy.

Mr. Toler was aboard one of the destroyers and traveled many miles on the high seas and visited many foreign countries. He brought home a number of souvenirs which he secured while in service.

SCOFFIELD COMING TO WOODSON SOON

Special Church Worker Will Conduct Series of Meetings.

The two churches of Woodson have united in securing James L. Scofield for a series of special meetings April 20 to 25. The committee has made the following announcement:

Who He Is:
James L. Scofield, or as he is commonly called "Sunny Jim" is a citizen of and educated in Illinois. For eight years was general secretary of the Bloomington Y. M. C. A. and for five years served as "Teen Age" secretary for McLean Co. Sunday School as association.

What He Does:
He presents a practical working program which energizes all departments of church activity and vitalizes community welfare work especially among young people and aims in the making of better homes.

2. He works for men and boys and aims to get church folks to work with them so that the work may continue after he leaves the community.

3. He gives a well rounded program to establish better homes, higher school ideals and a more intelligent and efficient work in an all round church and community service.

Where He Has Served:
Mr. Scofield is not a stranger to this district. He has recently served successfully in White Hall, Mississippi, and Arkansas, and the testimony of each of these communities is his work is wonderfully successful. White Hall was so enthused with his work they have invited him in a union meeting next fall.

When He Comes:
Mr. Scofield will commence a fine series of meetings Tuesday, April 20 and continue till Sunday evening. Presbyterian and Christian church workers are planning to make this the best help Woodson has received for many a day. Friends, think church, work for church, talk church, live church till we have what we have long prayed God will bring us.

Watch for large ad in Sunday's Journal.

OFFICIALS BLEIEVE OUTLAW RAILROAD STRIKE NEAR END

(Continued From Page One.)

ests. He said the men simply quit their positions and were not strikers.

Stock yards receipts were virtually normal today. The movement of livestock to eastern points was reported normal. There were 481 locomotives in operation in Chicago today, compared with 443 yesterday.

End Strike at Baltimore.
Baltimore, Md., April 16.—The railroad strike in Baltimore apparently came to an abrupt end night when railroad officials of the Baltimore, Ohio and Pennsylvania said the men will return to work tomorrow.

Improvement in St. Louis.
St. Louis, Mo., April 16.—The strike situation here was reported greatly improved today and switchmen were returning to work.

The general embargo was lifted entirely by the Illinois Central, Burlington, St. Louis, Southern and Mobile & Ohio. The Missouri Pacific announced it could accept shipments from all points in the south and west and he Baltimore & Ohio for all points west of Cincinnati.

Approximately 100 of the terminal's 1,200 switchmen had returned by tonight and it was said nearly 300 cars had been moved today.

Return to Work.
Philadelphia, April 16.—Switchmen, yardmen and all other employees of the Pennsylvania, Reading and the Baltimore & Ohio railways in Philadelphia who are on strike were ordered to return to work at once. The order was issued by representatives of the strikers at the conclusion of a conference with William J. Tracy, chief of the strike bureau of mediation and officials of the railways.

No Change In Detroit.
Detroit, Mich., April 16.—An appeal by Mayor James Couzens for resumption of work by the striking switchmen here was unavailing today. The mayor, himself, a former switchman, urged the men to go back to work and await the decision of the labor board which he told them could not be long delayed.

Railroad officials reported no change in the local tie up. "Go-to-Workers Want to Return," Toledo, O., April 16.—Switchmen employed by the railways in the Toledo zone at a meeting today expressed a desire to return to work immediately. Sentiment was based on an offer by the Ohio railway and endorsed by the New York Central system that the men return to their duties pending adjustment of their grievances by the board created under the Esch-Cummings bill.

Representatives of the men said the resolution before highest officials of the railroads here today. The answer of the railroads will be given tomorrow morning. Tension from the workers today became apparent when half a hundred switchmen resumed work.

The men ask all the railroads of Toledo to receive them back to work, to allow no discrimination, to use all means at hand, to have a wage adjustment promptly made.

Vote to Remain Out.
Cleveland, April 16.—In spite of the ultimatum issued by the railroad general managers' association of New York giving striking members of the railroad brotherhoods until noon tomorrow to return to work, 500 members of Lake Front Lodge No. 280 Brotherhood of Railway Trainmen, employed in the Pennsylvania yards here today unanimously voted to remain in strike. Except for 300 men who returned to work on the Erie railway and New York Central railroad yard, the ranks of the Cleveland strikers are unbroken.

The Big Four and Erie roads today posted warning for their striking men to return to work.

Three transportation brotherhood chiefs here W. G. Lee of the trainmen, W. S. Stone, of the engineers and W. S. Carter of the firemen, were in conference for three hours today considering the ultimatum of the general managers. The strike situation in Cleveland was practically unchanged tonight.

Stetson, Knox, Crofut-Knapp and No-Name Hats in the new spring colors and shapes are shown by FRANK BYRNS Hat Store.

MANAGER FOR HATFIELD POULTRY COMPANY
C. M. Jones has taken a position as local manager for the C. L. Hatfield Poultry Co. He assumes the position formerly held by Fred B. Smith, who has gone to Los Angeles to reside.

C. B. & Q. BRAKEMAN DIED AT CENTRALIA

Roy E. Wood, C. B. & Q. brakeman, died Thursday afternoon at a hospital in Centralia. He was a resident of Beardstown and was recently injured in a wreck. The funeral is to be held at Rushville. The deceased is survived by his wife and three children.

MISS WALKER VISITS L. W. C.
Miss Isabella Welker, who was director of the Home Economics department at the Woman's College last year, is the guest of Miss Neville, at the Woman's College. The members of the faculty entertained yesterday afternoon at an informal tea in her honor.

James E. Mansfield, of Chicago, an examiner of the railway mail service, while on an official examining trip, stopped off in Jacksonville Friday to visit his sisters, Mrs. Ezra Scott and Mrs. Dora E. Lowdermilk.

MOTHER CATS WANTED
New York, April 16.—A call for mother cats to nurse baby silver foxes was received in New York today from an up-state fox farm owner.

N. H. Bacon, president of the New York Fur Auction Sales Corporation, to whom the appeal for cats was sent, said the fox farmer was willing to take all the cats he could get.

A mother cat can earn \$2.50 for six weeks endeavor, he said. At the end of six weeks a litter of baby foxes becomes sufficiently mature to take solid food.

WOOD SENDS MESSAGE TO NEW JERSEY REPUBLICANS

Newark, N. J., April 16.—Major-General Leonard Wood, in a message sent to a meeting here tonight in behalf of his candidacy for president said, "there can be but one big union in this country, the one we fought to save, a loyal American union, run by Americans, cost what it may."

He declared the outstanding question confronting the country is "are we going to have a government under the constitution based on the stable elements of law and order, or are we going to have a government which really is no government."

RELEASE HUNGER STRIKERS

Dublin, April 16.—Eleven more hunger strikers were released from Mount Joy prison today. The doubts over the terms under which the prisoners have been released are not yet cleared up. Work progressed as usual today and there was quiet thruout the city.

A mail train was held up by 50 armed men early today at Kinsal Junction south of Cork. They seized all the letters addressed to the police station.

CHICAGO PRODUCE DEALERS ARRAIGNED

Chicago, April 16.—Twenty Chicago produce dealers were summoned to the federal building today and questioned by the grand jury in connection with a government investigation of potato prices. Federal officers said scores of carloads of potatoes were lying on the sidings in Chicago and there was no excuse for an increase in price.

Potatoes sold today at \$7.50 a hundred pounds.

TETILE WORKERS DEMAND BIG INCREASE

Lawrence, Mass., April 16.—The Lawrence textile council, claiming to represent 15,000 employees of local mills presented a demand to the various manufacturers late today for a 50 per cent wage increase for all employees, to be effective May 3.

GORGAS RETURNS FROM STAY IN PERU

New York, April 16.—William C. Gorgas, the former surgeon general of the United States army, returned here today from Lima, Peru.

General Gorgas said he would soon leave for the West African coast on a mission for the government of Peru to investigate conditions respecting the spread and combating of tropical fevers. He was recently engaged by Peru to supervise and direct sanitary regulations to control the spread of disease.

WATER LOWERED AT MAUVAISTERRE LAKE

Pipes Freed from Drift Wood and Water Flows More Freely.

Water has been so high in Mauvaisterre lake, recently, that it not only put an end to the work on Vandalla road, but has also backed up on some farm lands which the original plans did not contemplate. As a result of this city authorities have for several days been debating the best course to follow in order to bring relief.

Alderman Chapin, chairman of the water committee, and W. H. Cobb, superintendent, together with others, were at the lake yesterday. One plan of procedure will be to make an opening in one of the concrete walls of the valve tower. Yesterday, however, it was found that a heavy piece of log had become wedged in one of the pipes and that other pipes were partially clogged with fish and refuse matter.

After a cleaning process the water flowed so freely that the whole lake was somewhat lowered, although additional water was flowing in as the result of the recent rain.

It has not been definitely determined that the breaking of the wall will be necessary and it is possible that by keeping the pipes cleared of all floating material that the volume of water can be

There is a Difference in the Way the Liberty Rides and Drives

Liberty Touring Car

The difference of the Liberty's riding and driving it not to be wondered at when one learns the steadfast quality of the car, which becomes more and more apparent as the miles roll up.

To this unmistakable worth, and also to the high order of designing displayed even in the very minor details, may be attributed qualities so divergent as the unusual comfort which the Liberty affords, and the uniform reasonableness in the cost of operation and upkeep. The car is one of the moderate weight in proportion to its size, amply powered, with a responsiveness and flexibility that are remarkable.

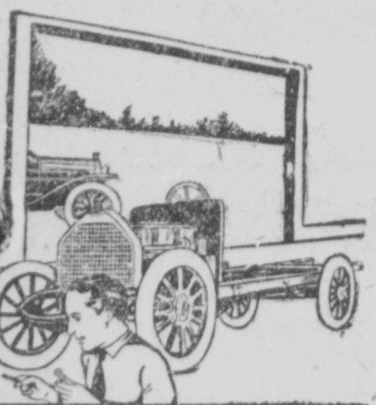

It is replete with features that have literally commanded the enthusiasm of Liberty owners. The upholstery is of genuine leather in the French pleated type, fitted over unexcelled special cushion springs. Plainly-marked side curtains are carried in a very accessible compartment back of the front seat. The steering wheel is of black walnut, properly crusted around the inner surface. There are special top holders, horse-hair carpets in each compartment, a rear curtain light of beveled plate glass set in a heavily nickel-plated rim, and an equipment that is considered exceptionally complete.

YOU SHOULD WISH FOR BEAUTY AS WELL AS CLEANLINESS

Washing the face is one thing. Caring for the complexion is another—so many women think. Not necessarily. The two operations may be combined. You can wash for beauty as well as for cleanliness, by using Remmo Sterilized Toilet Soap. This splendid new Toilet Soap is a beautifier as well as a cleanser. It cleanses the skin as it should be cleansed. The rich, velvety lather removes all accumulations from the pores of the skin, then washes out leaving the pores open and unhampered in performance of healthful functioning.

It is composed of properties that effect a decidedly beneficial influence over correction of skin defects and ailments.

It builds up the skin health and complexion beauty of a permanent nature. The skin soon takes on a pleasing glow of natural beauty.

There is nothing mysterious or magical about it. Remmo Sterilized Toilet Soap is simply the one Toilet Soap so scientifically made it answers the purpose of both a cleanser and a beautifier. Made of finest ingredients. Then sterilized at 198 degrees Fahrenheit—a method of manufacture, and the only method, that can and does safeguard the purity of Toilet Soap.

Remmo Sterilized Toilet Soap costs no more than toilet soap that merely cleanses and often at the cost of skin beauty.

Try it. Create skin beauty while cleansing your skin.—Adv.

MRS. E. J. KUMLE DIES AT ALEXANDER

Passes Away at Home Friday Afternoon—Funeral Arrangements Not Made.

Alexander, April 16.—Mrs. E. J. Kumle died at her home here at 5:39 o'clock Friday afternoon. She had been ill for some time and recently was taken to a hospital in Springfield. However, nothing could be done for her and she was brought to her home two days ago.

Deceased was the daughter of the late William S. Strawn and was born at Alexander 33 years ago and all her life has been spent here.

She was united in marriage to E. J. Kumle about twenty years ago, who survives, together with three children, Paul, Wilbur and Lillian Kumle. She is also survived by her mother, Mrs. Rosie Mason Strawn, and one brother, Charles M. Strawn.

Mrs. Strawn was a member of Central Christian church of Jacksonville. She was a member of the Red Cross and was active in the church and club work of her home community.

No arrangements have been made for the funeral.

The latter part of the meeting was spent in a social way. Refreshments consisting of cake and fruit salad were served during the afternoon.

Engagement of Miss Ruth LaRue Ornellas to William Nelson Howard Announced.

Mr. and Mrs. J. D. Ornellas entertained at dinner at their home north of city Thursday evening at which time the engagement of their daughter Miss Ruth LaRue Ornellas to William Nelson Howard of Bloomington, Ill., was announced. The wedding will take place at the home of the bride-to-be, north of the city, sometime during the month of May.

The guests were twelve intimate friends of Miss Ornellas. A five course dinner was served at six o'clock. White satin ribbons tied in lover knots, extended from a large bouquet of pink roses, to each guest place. A small heart was folded in each guest napkin on which was written R. O. and W. N. H.

Miss Ornellas is the daughter of Mr. and Mrs. John D. Ornellas. She is a young woman of much personal charm. She received her education in the public schools and attended Jacksonville high school.

Mr. Howard is the eldest son of Mr. and Mrs. L. W. Howard of Bloomington, Ill. His father was formerly a member of the firm of Howard & Kirkpatrick Furniture Co.

The young man is a graduate of Bloomington school and Normal University of Normal. Attended Wesleyan Law school and while in Europe attended the University of Bordeaux, Bordeaux, France. He is a member of the Phi Gamma Delta and Masonic fraternities.

During the war he enlisted as a member of the army and served as a sergeant in the A. E. F. for eighteen months.

He is now engaged in the furniture business in Bloomington.

TRAVELING MEN SHOULD VOTE

The adoption of the absent voters' law gives traveling salesmen and others who are absent from their homes on election day the opportunity to vote.

All citizens who expect to be absent Tuesday should arrange to call at the city clerk's office this afternoon and make application for a ballot and cast their vote.

Four aldermen are to be elected and a bond issue of \$30,000 to complete the filtration and power plants is to be decided. Every voter should exercise his franchise on election day. The law now gives absent voters an opportunity to exercise this franchise and all should take advantage of it.

HE WAS CONVINCED

It belonged to a Yankee named Blanchard to invent a lathe that would turn a shoe last, a gun stock and other irregular articles. An Englishman saw the machine and reported it to the British parliament when one elderly member was especially loud in his ridicule of any such absurd story that an irregular surfaced article could be turned in lathe, but the informant was so positive of it and the government so anxious to get hold of such a machine that two men were sent over to America to investigate and they returned, saying it was being done.

The member who had denounced the story as absurd said it might be done with soft American wood but never with English. Accordingly he himself was deputized to investigate and buy it if he deemed it wise. He took along several blanks of the hardest

English oak and entering the factory without making himself known, saw the machine at work. Thinking to ruin the affair he offered his hard wood blanks and they came out even better than the softer woods and then John Bull was convinced and ordered \$40,000 worth of the machinery.

URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading Druggist of Covington, Ky., Who Has Made Special Study of Catarrh.

Says: Inflamed Nostrils Invite Influenza

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arceine mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished. It's really no joke for people

who don't know about this simple recipe to be constantly sniffing and snuffing, blowing and hawking, when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

Ask for three-quarters of an ounce of Mentholized Arceine—that's all you need and after you have mixed it with enough boiled water to make a pint gargle the throat twice daily and snuff or spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.

Important Reminder: Just as soon as anyone in the family gets a cold in the head, check it at once with this same medicine.

Daily Market Report

FEAR STRINGENCY IN MONEY MARKET

NEW YORK, April 16.—The very pronounced diminution of operations on the stock exchange today at irregular price changes resulted almost entirely from fears of greater stringency in the money market. Call loans opened at 10 per cent, an initial rate not approached since the early part of March and rose to 11 per cent at midday but fell back unexpectedly to eight per cent in the last half hour when interior banks offered freely of their local reserves.

More rigid tendencies manifested by time funds however, bids for short term accommodations being made at 1/4 to 1/2 per cent over recent quotations.

Locally the railroad strike ceased to exert more than passing influence but out of town advances, especially from steel and the automobile manufacturing centers reported an almost cessation of production.

Sentiment was again dampened by the future liberty bonds and factory notes, all of which made no low records. Pools in the steel equipment and oil groups, where extreme gains extended from two to five points, imparted occasional activity to the market. Shipments, sugars, chemicals and affiliated specialties also were firm to strong. Sales amounted to 1,000,000 shares.

The general bond market was affected for a time by heaviness of federal issues but rallied both as to rails and industrials, with the stock list at the close. Total sales (par value) aggregated \$20,500,000 an unusually large turnover.

EUROPEAN DEMAND STRENGTHENS CORN

CHICAGO, April 16.—Active European demand for breadstuffs did a good deal today to make the corn market rule higher, but was largely offset toward the last by continued heavy re-selling of oats purchased for France. Corn closed unsettled at the same as yesterday's finish to one cent higher with May \$1.69 1/2 to \$1.69 1/2 and July \$1.64 1/2 to \$1.64 1/2.

Last prices for oats ranged from 1/2 decline to 1c advance. In provisions the outcome varied from 10c off to a rise of 40c.

Until the final hour bulls had things their own way in the corn market. Persistent commission house buying rushed values upward to new top records for the season and there was much talk that India, Australia and Argentina would sooner or later have embargoes against the exportation of wheat. The fact that the relation between the bread grains and the feed grains was not the only thing to be considered made itself powerfully felt before the close in view of advice telling of large additional re-sales of export oats. Opinions that the outlook for settlement of the railway strike had improved were also helpful in easing the corn market at the finish.

Oats paralleled the action of corn. Provisions averaged higher with grain.

DUN'S REVIEW

NEW YORK, April 16.—Dun's Review tomorrow will say:

"General inconveniences and no considerable loss to business resulted from the railroad walk-outs and some time must necessarily elapse before the effects will be wholly eliminated. With transportation disorganized and movements of raw materials seriously impeded shutdowns at many manufacturing plants have been unavoidable. While consumption of goods is also diminished and the unemployment in various industries curtails the public purchasing power yet the strikes have reduced available supplies of different commodities and some prices, as Dun's list demonstrates have risen sharply. Such a tendency has appeared at a time when more resistance is being heard of to the extreme prices and when many dealers are confronted with a manifest change in the buying disposition of consumers, not a few of whom are turning away from extravagance in personal expenditures. "Weekly bank clearances \$8,317,232,686."

W. R. C. BIRTHDAY HELD FRIDAY

Members Whose Birthdays Came in March and April Entertained.

Yesterday afternoon the pleasant home of Mr. and Mrs. John R. Huggett, 302 East Lafayette avenue, was the scene of a delightful gathering in spite of the forbidding weather. It was the birthday party of the March and April birthday ladies of the Women's Relief Corps and to it they invited members of Matt Starr Post G. A. R. and a right pleasant time was enjoyed by everyone.

The time was spent partly in social manner and partly with a program. With Mrs. Logan Sargent at the piano, several old time songs were sung. "Marching Through Georgia," "Just Before the Battle Mother" and others were sung by all while Miss Dorothy Dunavan sang in a very acceptable manner a song entitled Love's Prayer. Prof. Rayhill favored the company with a reading, "The First Settler's Story" and for an encore recited a stirring production, "Idaho" and followed this with a humorous dialect recitation of that well known classic, "Mary Had a Little Lamb" which caused much merriment. Mrs. Peaker read "The Little Brown Button" with great acceptance. Then came a time of fortune telling which made plenty of fun and after that a parcel post sale which added to the laughter. Various other numbers followed and all were pleasing. Nice refreshments were served which was also an attractive number.

The hostesses were: Mrs. Mary Huggett, Mrs. Mary Jordan, Mrs. Scott Carter, Mrs. Isabel Seymour, Mrs. J. A. Peaker, Mrs. W. D. McCormick, Mrs. Mary Taylor and Mrs. Martha A. Hoover.

M. T. VAN HECKE TALKS TO BROTHERHOOD

Springfield Addresses Congregational Church Organization—Says Must Make Church Attractive to Men and Boys.

The brotherhood of the Congregational church met last evening and joined in an excellent supper with Messrs. J. P. Lippincott, M. L. Robinson, A. D. Fairbank and Charles H. Smith, caterers. In the absence of President Capps, Ebenezer Spink was chosen to preside.

The speaker of the evening was M. T. Van Hecke, of Springfield, a personal friend of Rev. W. E. Collins and a member of the Congregational church in Springfield. The gentleman expressed his pleasure at being present and the fact of the neighborly feeling between the Congregational bodies of Springfield and Jacksonville. The theme of the speaker was "The Work of Men in the Church." He gave an able exposition of his subject and a few thoughts are appended.

"The church is a great instrument for carrying out a mighty persuasive work and every force should be fully utilized. There should be thoro organization. Each group in the church should have its definite work. There are in each community things for the church to undertake, so as to be of valuable service—the social functions, educational and the like.

"There are in each church young men without families; young men with small families; middle aged men with families, and the cares of business; men who have partially or wholly retired. The first and last of these naturally have the most leisure but should not be called on to do all. There are men in business who are employed and the work of each must be suited to conditions.

In a majority of churches a few men attend to almost everything, which should not be the case.

The men of the church should be well informed. Read a few good books each year; study magazines and take a church paper. I much value the Congregationalist and Advance. Get a spirit of being a part of all important enterprises. Strive especially to see what each can do best and put him at it. Don't be afraid to change officials.

A man should not be elected simply because he has held an office. You have salesmen, musicians, merchants and men of other callings; use them where they can work best. Men in executive positions should not try to see to all details, as does President Wilson, but learn how to assign work to assistants and receive their reports.

It is well at the beginning of each year and of each quarter to have complete reports of accomplishments and progress. Each unit should have a definite program and stick to it. It is not proper to ask the minister to take the lead in all enterprises. It is his part to supply inspiration and proper spirit, and the men should carry out the work.

In the great world war, when an objective was taken, each unit had its definite object to accomplish and they did it. A careful survey of the state revealed a great many bodies, commissions and the like, and these have been materially reduced in number to the great improvement of the service and benefit to the treasury and so should it be in the church.

A discouraged teacher said she had persuaded some boys to attend prayer meeting, but a dog fight attracted the all away. "Have a dog fight in the church," was the reply. If we are to secure the attendance of men and boys, we must offer something that will attract them. Not sensational and shallow, but something really worth while.

We must appeal to red blooded men and get them to consecrate their abilities to Christ. We must awake enthusiasm in the minds of the men we seek. Work for the church and talk it up as we talk our clubs, societies and political parties. Do not be moved by emotions, but wise, common sense judgment. There may be of service to the church, the community and the cause of Christ.

A cordial vote of thanks was tendered the speaker for his excellent address.

GOOD VAUDEVILLE AT THE GRAND

The vaudeville at the Grand the last two days of this week is very good. The bill opens with Wallace and Ben, who present songs and some clever comedy; next are Leonard and Haley in a first class musical act. The final bill is the Anita Diaz monkeys, which is as good an animal act as has been in the city for some time. Altogether the bill is one which every one should see.

ARRIVES HERE AFTER LONG JOURNEY

Wilburn England Travels Overland all the Way From Montana—Pony Slipped on Pavement and Was Seriously Injured.

Wilburn England arrived in Jacksonville yesterday after a long overland journey which brought him clear from Judith Basin, Montana. England traveled with a pony and cart and has covered an average of 50 miles a day. After he came to Jacksonville the pony slipped on South Main street and injured its shoulder in such a way that it was necessary to kill it.

England has a brother who is employed on the farm of W. H. Lindsay and he is expecting to remain in this locality. He was born near Nortonville and spent some of the earlier years of his life here. The traveler has seen a good deal of the world in addition to visiting 32 states in the union. He was in the 163d regiment of the Sunset Division and was transferred to the 9th machine gun battalion. He was wounded in the battle of the Argonne and took part in several other of the most important drives of the great war. Altogether he has quite an interesting history.

REGULAR MEETING OF SIGMA PI SOCIETY

Sigma Pi literary society held a regular meeting last evening in the society hall. An interesting program was rendered. Professors Poage and Escher were visitors.

The program was as follows: Declaimers: Fanning, "The Parson's Departure. Antrobus, "U. T. C. Lost Trail." Readers: Andrew, "Love in a Balloon." Bronson, "Tomlinson."

Essayists: Badger, "The Link of a Long Chain." Tomlinson, "Why We Have Athletics." Extremizers: Peters, Smith, Whisler, "Courses for Degrees Should be Limited to Three Years."

The question for debate was, "Resolved that labor unions as they exist today in the U. S. are beneficial to the country." Wright and Henry upheld the affirmative and Cully and Smith the negative. The decision went to the negative, and the society voted the merits the same way.

R. L. PYATT RETURNS TO NORTH CAROLINA

R. L. Pyatt, city clerk, will leave this morning for Asheville, North Carolina, where he will remain for several months for the benefit of his health. Mr. Pyatt went to Asheville last fall, but was called home by the death of his wife. He was greatly benefited by his stay and his many friends will hope for his return fully restored to health.

His daughters will remain here until the close of the school year. Then Miss Lucy Pyatt expects to join her father at Asheville and Miss Helen Pyatt will go to Kansas City, Mo., for an extended visit with her uncle, Dr. Fred Curtis.

JUSTICE COURTS

In Justice Bayha's court Friday was heard the suit of Charles De Silva against Marion Meadows, in forcible detainer. The suit involves possession of the ground in West State street on the Dr. Brown lot, which is occupied by Meadows' shoe shining stand. Judgment was given DeSilva for possession and no writ of restitution is to be issued before August 1. DeSilva was represented by J. O. Priest and Meadows by John M. Butler.

SCHOOL BOARD ELECTION TODAY

President and Three Members are to be Chosen—Polls Open From 11 a. m. to 6 p. m.

Remember the school board election today. The polling places are as follows:

- First ward—Jefferson school building.
- Second ward—David Prince building.
- Third ward—Voting booth, corner Mauvasterre street and East College avenue.
- Fourth ward—Election building, corner Grove and South Fayette streets.

The hours are from 11 a. m. to 6 p. m. A president and three members are to be chosen and in whatever ward you live you have the right to vote for one president and three board members. Cumulative voting is not possible—that is, you cannot cast more than one vote for any candidate.

Three names will appear upon the ballot, H. L. Caldwell, T. V. Hopper and Charles Fiedler. Mary E. Pierson and Mrs. Charlotte F. Gray have announced their candidacies and each asks her friends to write her name upon the ballot and to place a cross in the square in the customary way.

The name of no candidate for the presidency will be printed upon the ballot. Julian P. Lippincott has made it known that he is willing to serve again and those who wish to vote for him should therefore write his name upon the ballot with the customary cross in the square adjoining his name.

TO THE VOTERS OF SCHOOL DIST. NO. 117

If you wish me to serve another term on the Board of Education write my name on one of the blank spaces for members and place an X in the square in front of it thus:—
